

Groups 1 & 2 Tuesday 2nd February, 2021

L.O. Apply my division learning to problem solve

S.C. Use my times table facts

Choose a method of division to solve problem

Check my answer using the inverse

Solve the word problems.

1. Students in Year 3 were divided into 3 teams for a game of dodgeball. If the class had 24 students, how many students would be on each team?

2. Mrs. Johnson divides 14 pencils equally among 2 children in her class. How many pencils will each child get?

3. There are 20 books in total and they are pack in boxes of 10. How many boxes are there?

4. Lily has 15 sweets and she puts them into groups of 5. How many friends can she give sweets to?

5. The milkman has 25 bottles of milk. If he delivers 5 bottles to each house, how many houses will he deliver to?
