

We are encouraging our children to spend just twenty minutes reading and sharing books with their families. Beyond the joy of shared stories, this simple yet powerful practice has huge benefits for your child's development. Regular reading fosters language acquisition, enhances vocabulary, and cultivates a love for literature that extends far beyond the classroom. It also strengthens the parent-child bond, promoting positive emotional connections and fostering a lifelong passion for learning. Embrace the magic of storytelling and watch as these daily moments of connection contribute to your child's academic success and overall well-being.

We would love to see photos of children enjoying books at home.
Happy reading!
